

TUNCAY KELES

SOFTWARE DEVELOPER

SUMMARY

Entering the software industry in 2017, I have embraced diverse roles and projects, quickly adapting to new challenges. Proficient in web development using Python, PHP, and React, I bring technical expertise and a creative approach to problem-solving.

My 11-year involvement in a professional theater group has refined my interpersonal skills and provided a unique perspective on teamwork and innovation.

I am committed to continuous self-improvement and staying abreast of industry advancements, striving to deliver impactful solutions.
